Classics to e-Read

4 Simple steps to buy an ebook

Step 1	Step 2	Step 3	Step 4	Can't find a title or an author?
				
Download the Kobo App, create an account and make sure you are logged in.	Browse the Store. Search by authors or title.	Choose a book that you want to read. Select <i>Add to Cart</i> and follow the prompts to complete your checkout.* * If you are using an iPhone or iPad you cannot purchase a book in the Kobo app. You will need to purchase directly from Kobo's website (go to www.kobo.com and sign in using your same login details that you use in the app). Your book will appear in the app on your device immediately after purchase.	Once downloaded you can read your ebook offline in the app.	Select Filter and change the Language filter from English All. This will prevent the filter from only showing English titles.

Via Afrika CareerCompass/LoopbaanKompas

Operating system/s: Android, iOS, on the web

Language/s: English and Afrikaans

Device/s: Smartphones, Tablets and computers

Target market: Grades 9 to 12, Grades 7 and 8

Cost: Free

Via Afrika CareerCompass has been created to help you decide which career path might be the perfect fit for you.

The app can be used in three ways:

- Take five quizzes to find out which careers your interests and aptitudes indicate are the best fit for you.
- Choose the subjects you already have to see which career fields and careers your subject choice opens up for you.
- Browse through a growing list of careers to see which subjects are suggested for each one, and browse currently available jobs online to see how big the market is for that job.

Via Afrika CareerCompass has been developed with industry experts to give you an indication of your interests and aptitudes. It is not a replacement for professional career guidance.

Via Afrika CareerCompass can also be accessed on the web. Visit <http://careercompass.viaafrika.com/>

Via Afrika Digital Education Academy Training Courses

INTRODUCTION

Teachers have a huge responsibility that they take on as it is in their hands to develop the minds of our youth that will lead to prosperity for all in our country. And yet, the teaching landscape continually changes, making it harder and harder for teachers to continue offering the best education possible.

A significant change that is sweeping the South African education system is the move to digital education and elearning. But where are teachers expected to develop the knowledge, skills and values to take on this new challenge?

The Via Afrika Digital Education Academy, in partnership with the Department of Basic Education, aims to assist teachers to take control of their own education so that they can meet the new digital challenge face on, and be successful.

The Academy offers a course for the implementation of digital education in schools from a change management mindset. These nine two-hour sessions are typically combined into workshops offered to schools who have signed up for this course.

The Academy also offers 72 two-hour sessions of **Android** or **Windows** tablet-based training across eight courses. (You can find out more on pages 12 to 37 of our brochure. Please request a brochure from maria.dewitt@viaafrika.com) The sessions are aimed at Beginner, Intermediate and Advanced tablet users so you are sure to find a session at your level that will start you on your way to digital education excellence. (You can find a handy Required Existing Tablet Skills guide to help you find your best first two-hour session pages 8 to 11 of our brochure.)

What's more, Via Afrika is pleased to be associated with the South African Council for Educators (SACE). It is SACE's responsibility to enhance the status of the teaching profession through appropriate registration, management of Professional Development and inculcation of a Code of Ethics for all educators. We are proud to be able to assist in the area of Professional Development.

SACE manages the professional development of teachers by:

- **Approving quality and credible professional development providers**
- **Endorsing relevant and good professional development quality activities and programmes**
- **Allocating professional development (PD) points to such activities**
- **Crediting each teacher's CPTD account/record with the PD points they have earned.**

Teachers are required to engage in three types of SACE Endorsed Professional Development (PD) Activities or Programmes in order to achieve a minimum of 150 PD points on their PD points Account in every three year cycle.

The Via Afrika Digital Education Academy's two-hour sessions has been endorsed by SACE and allocated 5 PD points on successful completion of the session and its assessment. SACE Provider Number: PR12890.

With Via Afrika's Digital Education Academy's cost-effective sessions, teachers will find it easy to develop their skills and earn PD points at the same time.

COMING SOON: We will be adding **Microlearning** to our array of available training. See page 42 of our brochure for further details.

We wish you the best of success with your career, Via Afrika

1 WHAT IS ONLINE LEARNING?

Online learning is training that is done on a computer connected to the internet. You can use your laptop computer, your tablet device or even your smartphone to log in to the Via Afrika Digital Education Academy Online platform in your internet browser. (You probably already use Chrome internet browser or Edge to search the internet.)

Here you will watch videos, read notes and do activities that will develop your knowledge, skills and values in digital education. You can download notes to work with later, and finally print out your certificate when you have passed the assessment.

2 WHY IS ONLINE LEARNING SO POPULAR?

- You choose where you want to study and when you want to study.
- Because you are logging on to the internet, you can choose to do wherever you can connect to the internet.
- Online learning gives you the flexibility to study when you want to.
- You can choose what you want to study.

3 LEARN AT YOUR OWN PACE

- With online learning you can pause, rewind and work through the course at your own pace.
- There is a great variety of topics available.
- It's easy to refresh your knowledge.
- With online learning you can easily go back to the course and watch the video again – whenever you want to. A perfect way to revise.

4 FEEDBACK

- Online learning gives you instant feedback to activities. There is no waiting for your final assessment results. Complete the Badge Assessment Task. Get more than 70% and then simply print your own certificate.

5 COSTS

- It is a lot cheaper to do online learning than it is to do face-to-face training because there are no travel costs, no venue costs and no facilitator costs.

ANDROID

Course 1

Know and use your Android tablet device

Beginner

Session 1: All about Android tablet devices

Session 2: Making contact with the world

Session 3: My Android tablet device is mine!

Intermediate

Session 1: There's an Android App for that

Session 2: Finding it on the internet

Session 3: Making the Android tablet device work for you - files

Advanced

Session 1: Making the Android tablet device work for you - calendars and data management

Session 2: Making the Android tablet device work for you - eBooks and eReaders

Session 3: Taking the Android tablet to school

Course 2

Social Media on Android tablet devices

Beginner

Session 1: Introducing social media

Session 2: Creating your social media accounts

Session 3: Social Media in the classroom: Useful or just fun?

Intermediate

Session 1: Don't forget the other social media

Session 2: Facebook in the classroom

Session 3: Twitter in the classroom

Advanced

Session 1: A look at YouTube

Session 2: YouTube in the classroom

Session 3: Blogging in the classroom

Course 3

Google and Google Apps on Android tablet devices

Beginner

Session 1: The Google Apps package and Google Drive

Session 2: Google Docs

Session 3: Google Calendar and Google Slides

Intermediate

Session 1: Google+

Session 2: Google Hangouts

Session 3: Creating my own teaching and learning content

Advanced

Session 1: Google Apps that will open a new world to your learners

Session 2: Streamline your class with Google Forms

Session 3: Google Sheets

Course 4

Digital learning in Schools for Android users

Beginner

Session 1: Why eLearning?

Session 2: Getting technical

Session 3: Management and usage of ICTs in schools

Intermediate

Session 1: Content for tablet devices

Session 2: Apps for teachers for demonstrations and content creation

Session 3: Online assessment tools

Advanced

Session 1: Learning management systems

Session 2: Games teach too

Session 3: The gamification of Education

WINDOWS

Course 5

Know and use your Windows tablet device+A14

Beginner

Session 1: All about my Windows tablet device

Session 2: Making contact with the world with my Windows tablet device

Session 3: My Windows tablet device is mine!

Intermediate

Session 1: There's a Windows App for that

Session 2: Finding it on the internet

Session 3: Making the Windows tablet device work for you - files

Advanced

Session 1: Making the Windows tablet device work for you - calendars and data management

Session 2: Making the Windows tablet device work for you - eBooks and eReaders

Session 3: Taking the Windows tablet device to school

Course 6

Social Media on Windows tablet devices

Beginner

Session 1: Introducing social media

Session 2: Creating your social media accounts

Session 3: Social Media in the classroom: Useful or just fun?

Intermediate

Session 1: Don't forget the other social media

Session 2: Facebook in the classroom

Session 3: Twitter in the classroom

Advanced

Session 1: A look at YouTube

Session 2: YouTube in the classroom

Session 3: Blogging in the classroom

Course 7

Microsoft for Windows tablet devices

Beginner

Session 1: Introducing Microsoft Office 365 education and OneDrive

Session 2: Microsoft Word and Microsoft Outlook

Session 3: Microsoft Powerpoint

Intermediate

Session 1: Microsoft OneNote

Session 2: Skype and Yammer

Session 3: Microsoft forms and online assessment apps

Advanced

Session 1: Office Mix and blended learning

Session 2: Microsoft Excel

Session 3: Office Sway and the microsoft educator community

Course 8

Digital learning in Schools for Windows users

Beginner

Session 1: Why eLearning?

Session 2: Getting technical

Session 3: Management and usage of ICTs in schools

Intermediate

Session 1: Content for Windows tablet devices

Session 2: Apps for teachers for demonstrations and content creation

Session 3: Online assessment tools

Advanced

Session 1: Learning management systems

Session 2: Games teach too

Session 3: The gamification of Education

MINDSET CHANGE

Course 9

Mindset Change for effective digital education

Level 1 - Facing Change

Session 1: Education is changing - so what?

Session 2: The mindset model for digital education implementation

Session 3: Making myself adapt-able to change

Level 2 - Developing change facilitators

Session 1: The role of the change facilitation team

Session 2: Working with the stakeholders - dealing with change

Session 3: Working with the stakeholders - skills assessment and planning

Level 3 - Making change happen

Session 1: Developing the implementation plan

Session 2: Implementing the implementation plan

Session 3: Making change stick

HOW MUCH DOES A TWO-HOUR TRAINING SESSION COST?

Delivery Mode

Price **

 Face-to-Face (Courses 1 to 8) (minimum of 20 participants at a venue)	R570.00
 Online training sessions with videos, online activities and assessments (Courses 1 to 8)	R125.00
 Face-to-Face (Course 9) For Schools 1. Schools with up to 25 staff members 2. Per teacher over and above 25	R 34 200.00 R1 140.00

**** All prices are 15 % VAT-Inclusive. *Note: Prices given are our special offer for teachers only. No venue fee or refreshments are included in these prices. The Course 9 rate excludes the Facilitator's travel and accommodations costs.***

SACE Provider Number: PR12890

HOW DO I REGISTER?

Visit our website, www.viaafrika.com/academy to find out more and to register.

HOW DO I PAY?

You will be able to pay with a credit card on our secure payment gateway on our website.

WHAT DO I NEED?

For the face-to-face training, you will need to travel to the venue at your own cost. At the venue, you will need to bring a fully-charged tablet device with you. Participants should also bring their tablet's charger with an extension cord.

For the online training sessions with videos, online activities and assessments, you will need access to an internet connection as well as a tablet device. You will also need a computer to view the training on while you work with your tablet. You can view the training on any internet-connected computer, anywhere.

WHAT CERTIFICATION WILL I GET?

All training sessions are endorsed by the South African Council for Educators (SACE), with five Professional Development (PD) points per two-hour session. You will receive a certificate issued by Via Afrika, as well as a digital badge for inclusion in your online profiles to show others just how you are developing your digital knowledge and skills.
